Education

University of California, Los Angeles | B.Sc. in Statistics and Data Science Sept 2023 – March 2025

- Transferred from UC San Diego (2020-2023) with Provost Honors | GPA: 4.0/4.0

Work Experience

Product Guide, ArcTeryx - Los Angeles, CA Nov 2024 – present

- Increased daily sales by **20% above targets** by leveraging customer segmentation analysis to optimize personalized service strategies and product recommendations

Marketing and Operation Coordinator, UCLA Student Affairs – Los Angeles, CA Oct 2023 – present

- Spearheaded data-driven marketing strategies by analyzing campus foot traffic and engagement patterns, leveraging social media engagement and survey insights to increase awareness of a new service center by 31%
- Managed **cross-functional** partnerships with 15+ university departments to streamline resource accessibility, utilizing feedback analytics and digital communication strategies to achieve **95% student satisfaction**.
- Analyzed marketing performance using **CRM** data to track **conversion rates** using **SQL** and refine targeting strategies, leading to 16% improvement in campaign effectiveness

Modelling agent & Event planning Intern, Downtown Dolls – San Diego, CA Apr 2023 – Jun 2023

- Optimized social media campaigns across Instagram and Facebook by leveraging audience analytics, A/B testing, and **trend analysis**, boosting engagement by 15% through data-informed content strategies
- Executed high-impact local events for 500+ attendees, utilizing event marketing strategies, **influencer partnerships**, and **targeted promotions** to enhance brand visibility and community outreach

Marketing Intern, MSC Consulting Jan 2022 – Jun 2022

- Planned and executed **15+ hybrid events** (virtual and in-person), managing end-to-end logistics, audience engagement strategies, and technical coordination on Zoom/Webex, **achieving 96% attendee satisfaction** through seamless execution and real-time troubleshooting
- Analyzed attendance rates and engagement levels using Excel and **Tableau** to assess campaign effectiveness, providing data-driven insights that optimized follow-up strategies and increased conversion rates by 12%

Project Experience

Amazon Order Regression Analysis

- Developed and optimized 10+ predictive models using **R**, **Python**, and Tableau, applying **time series forecasting** and **regression analysis** to analyze order patterns and improve sales projections with 97% accuracy
- Evaluated model effectiveness using metrics such as RMSE, MAE, and R-squared, continuously refining algorithms to adapt to evolving market dynamics and customer behaviors

Election Outcome Prediction via Demographic Analysis

- Developed supervised classification models (Logistic Regression, Random Forest, XGBoost) to predict county-level election winners using U.S. Census demographic data, applying **feature selection**, **data preprocessing**, and **model ensembling** to enhance predictive power
- Visualized predictive trends and model outputs through Tableau and **Matplotlib**, creating interactive dashboards for stakeholders to explore election dynamics at the county level

Skills

Programming/Tools: R & R-studio, Python, Matlab, SQL, Latex, Microsoft, Git, Canva

Marketing Analysis: A/B testing, segmentation, Consumer behavior analysis, sentiment analysis, trend forecasting

Machine Learning: Supervised Learning(Logistic Regression, Decision Trees, Random Forest, XGBoost, SVM), Unsupervised Learning(K-Means clustering, Hierarchical clustering, Anomaly detection)
